

Did you know?

1 in 2 high school students think drinking alcohol is wrong...yet...

1 in 4 CURRENTLY DRINK!

The Youth Risk Behavior Survey (YRBS) collects important information like this, so that resources that can help students are sent to the right place.

All YRBS survey answers are confidential AND anonymous!!

We need YOU to make that happen!

How can YOU help?

Take the survey! Tell your friends to take it!

The more information we have, the more change we can make--together.

Learn More!

For more information about the YRBS, and to see YOUR school's results, visit:
